Dana,

Summer is winding down. We will drop from the weekend turnovers to weekday only after October 1. Figure 5 or 6 a month through the winter instead of the 12 to 15 you have been doing. Same per-turnover price is fine.

Also, your August invoice matched our count exactly for the first time in a while. Whatever you changed, keep doing it.

Hal

Hi Hal,

That works. Weekday turnovers only from October 1, same price per turnover. Crew B will keep your buildings.

The change was that the crew lead sends the office the unit list the same day, so the invoice comes off the job sheet instead of memory. Glad it showed.

Thanks so much,

Dana
