Hi Elena,

The August invoice shows \$1,150, same as July. We only had you in twice in August, is that right? I want to make sure we are not paying for a third visit.

Dev

Hi Dev,

\$1,150 is two visits at \$575 each: August 4 and August 18. The flat monthly amount is right. Your agreement is two evening visits a month, so it is \$1,150 whether the month has four weeks or five.
