Hello,

Starting with your next invoice, please print our PO number on every invoice you send us. Our POs look like NW-2026-### and Marcus gives one with every order. We are getting invoices by email, by mail and in the drivers' hands, and the PO is the only way I can tell them apart.

Thank you,

Elena Marsh

Elena,

Will do. The PO field prints on the invoice when the order desk keys it in; I have told them to ask for it on every Northwind order.

Best,
