

Managing the places people call home

Lakeshore Property Partners manages 48 residential buildings across Portland, Westbrook and Scarborough, Maine: 1,140 apartments, from six-unit Victorians on the West End to a 96-unit building in Bayside. We have managed property in Greater Portland since 2011.

What we do

We handle leasing, rent collection, maintenance, vendor management and owner reporting for private owners and small investment groups. Owners get a monthly statement, a quarterly building walk with photos and a single point of contact.

Leadership

Meredith Choate, Founder and Chief Executive. Meredith started Lakeshore with two buildings on Brackett Street and has grown it building by building.

Tobias Renner, Director of Operations. Tobias joined in 2024 from a regional facilities company and runs maintenance, vendors and the field team.

Anita Fournier, Director of Leasing.

By the numbers

- 48 buildings under management
- 1,140 apartments
- Average tenant stay: 3.1 years
- Field team of 9 maintenance technicians
- Owner retention: 94 percent since 2019

Our standard

Every building we manage should look cared for from the sidewalk to the top floor. Common areas are the first thing a tenant sees and the first thing an owner asks about. We are investing in that standard in 2026 and 2027.
