Hi Tobias,

Thanks for yesterday. Confirming what we heard: weekly common areas across all 60 buildings from November 1, a photo log after every visit, and a monthly report in a form the owners can read. Proposal to you by the 30th.

One question: is the \$110,000 figure for cleaning only, or does it include grounds and snow?

Jordan Lee

Jordan,

Cleaning only. But I need to be straight with you after the South Portland closing and the fine down there: the number I can defend to the owners this year is closer to \$80,000, not \$110,000. We would revisit at the one-year mark if the reporting does what you say it will.

If that changes your proposal, send the version that works at that number. We are still deciding by the end of the month.

Tobias

Understood, thank you for telling us. We'll come back to you with options early next week.

Jordan
