Put in a request for the hallway light on the 2nd floor on Aug 3. Fixed Aug 29. The hallway carpet has not been vacuumed in weeks. Rent is on time every month, I would like the same from them.

Laundry room has been dirty for a month. Lint everywhere, trash overflowing. I emailed twice. The leasing office is nice but nothing happens after the email.

Apartment itself is great and the leasing team was easy to work with. Taking a star off for the entryway, which is always muddy and nobody seems to clean it.

Maintenance takes forever. Three weeks for a dripping faucet. Common areas are hit or miss depending on which cleaning company is doing it that month, there have been at least three.

Rent is fair for the area. The building could be cleaner. Stairwell smelled like trash for most of July.

Submitted a maintenance request for the front door lock on July 2. Still broken. Anyone can walk in.

5 stars - Jul 6, 2026 - Deering

New management took over our building in the spring and it is noticeably better. Hallways painted, new mats, cleaned weekly. Hope it lasts.

They are responsive when you call Anita directly. Through the portal, nothing. Common area cleaning seems to have stopped entirely in June.
